## Chapter 2 Characteristics of This School

### 1. Scholarship

Scholarship systems are available for the prospective applicant. (Screening is required.)

- Scholarship sponsored by Asuka Japanese Language School.
- Scholarship sponsored by Japan Student Services Organization

### 2. Counseling

In our school, we conduct counseling to all students on a regular basis. We also have a staff member who is in charge of counseling. Any students who wish to receive counseling can do so any time. We will stay close to each student, and give full mental support to helping them with their problems, such as difficulty in adapting to life in Japan and relationship with friends.

~We have passionate professionals who will help you until graduation. ~

### 3. Feature of Curriculum

①We have a “Japanese” only environment so you can acquire practical Japanese skills.

You cannot acquire such skills in an environment where there is a bias in nationality.

At our school, there are many students with different background. (China, Korea, Nepal, Indonesia, Vietnam, Sri Lanka, Russia, The United States of America)

Being in an environment where common language is “Japanese only”, you can acquire practical Japanese skills.

②Focusing on building communication skills

In our school, we conduct Japanese communication education especially focusing on improvement in communication skills.

Rather than a “free talk”, we conduct a communication lesson that is based on our communication educational theory (communication education based on Oral Proficiency Interview).

③Balanced Curriculum

We conduct the following two lessons in balance.

- Lesson focused on examinations: Lesson for Japanese Language Proficiency Test and Examination for Japanese University Admission.
- Comprehensive Japanese: We focus on presentation to acquire practical Japanese to enable you to enroll in Japanese university and for employment in Japan.

### 4. Graduate Certificate

Graduate Certificate are offered to the students who have completed the required length of study (two years for April entrance students, 1 year and 9 months for July students and 1.5 years for October entrance students) and have attended the class with 90 % and larger attendance rate and have passed the graduation test.

### 5. Dormitory for foreign students.

School dormitory is equipped for the foreign students. The dormitory features all daily living necessities, such as not only bathes, restrooms and kitchens but also TV set, refrigerators, washing machines, beds and bedclothes, or tableware (students are supposed to cook by themselves). Students are supposed to take with them a set of tableware (including dish, cup or bowl) and a set of bedclothes when they leave the dormitory. It takes about 15 minutes by bicycle from the dormitory to the school.

Boarding fee	26,000 yen / month (Additional utility fee is needed)
Fee to enter and exit dormitory	100,000 yen/ student (Please pay altogether when entering the dormitory)

# Asuka Japanese Language School Dormitory Regulations for Foreign Students

## 1. General Rules

### Article 1

1. Asuka Japanese Language School is the boarding school. Every student must enter the dormitory.
2. Borders must conform to the regulations.
3. Borders who cannot follow the rules in spite of repeated warnings, they may be forced to return home.
4. Borders must leave the dormitory soon after they become no longer the student of this school because of graduation, dismissing or expulsion.

## 2. Rules for dormitory admission

### Article 2

1. The contractor shall be the person who enters the dormitory.
2. The guardian of the border living in the home country or the intermediary shall bear the final responsibility to pay the boarding and other fees.

### Article 3

1. The period of the contract of lease between the school and the boarder shall be as specified in the boarding contract.
2. The term of the contract is the period of attendance at school of the border. The border shall not be allowed to leave during the term of the contract. Students who enter our school in April and October may move out of their dormitories after six months. Students who enter our school in July may move out of their dormitories after nine months. All students must get permission from the school before moving out of their dormitories.
3. The boarding fee must be paid for 3 months at a time during the designated period by the school.

4. Gas and electricity bills shall be borne by the boarder. The boarder must pay the bills provided by the school within the designated periods by themselves.
5. After the termination of agreement, leaving dormitory shall conform to the "Leaving Dormitory Rules."

Article 4 Three borders should live communally in one room in principle. Students may be placed with Roommates from different countries.

Article 5 The entrance procedure to the dorm shall be taken on the basis that the border understands and agree with the dormitory rules.

Article 6 Contract of lease of the room shall be effected between the school and the boarding applicant after signing the contract to enter the dormitory.

Article 7 The contract shall be canceled automatically when the dormitory becomes uninhabitable due to accidental force, such as convulsion of nature or fire.

Article 8 The school may expel students who have trouble living and studying in Japan (violating school rules, causing trouble with roommates and neighbors, etc.)

### **3. Rules within the dormitory**

#### Article 9

The boarder shall keep the regulations provided based on the dormitory rules and regulations, understand the cohabitation and live so as not to cause residents living near the dormitory and other boarders.

#### Article 10

Possesses and money shall be managed with self-responsibility. As the loss within the dormitory could not be compensated, every boarder should be careful by oneself.

#### Article 11

As people other than the contractor and the designated user of the room shall not be allowed to stay at night in the dormitory,

#### Article 12

1. The boarders should refrain from visiting other boarders' rooms to prevent invasions of privacy.
2. Visiting the rooms among males and females after nine at night shall be prohibited.

#### Article 13

The boarder who would return home or be absent for a long period to visit his/her family shall take the procedures as prescribed beforehand at school.

#### Article 14

1. The Boarder shall always smarten up and keep clean within and outside of the room and be careful not to cause residents living near the dormitory or other boarders trouble due to the noise or bad smell.

Manager of each room is the person responsible for each room.

2. Garbage must be separated based on the Waste Management Law. Burnable and non-burnable garbage needs to be put separately into each designated paid plastic bag. The other garbage needs to be put into clear or translucent plastic bags. Garbage must be placed in the designated dumpster by 8:30 in the morning on the designated days to be collected.

3. Bicycles must be placed in the bicycle parking lot and be careful not to cause the residence living near the dorm trouble.

#### Article 15

School staff might step into the room to manage the facility and fixtures with prior announcement. However, they could step into the room without prior announcement at the time of the crisis when the school perceives a need to do it.

#### Article 16

The boarder shall conserve the facility, equipments or fixtures the school is lending. He/she shall contact the school immediately in case of breakage or failure. However, in case of intent or negligence, it should be compensated at actual cost.

#### Article 17

The boarder shall use only the key given by the school at the time of entry, and in case of missing, missing notification must be submitted to the school. Making a spare key without permission shall not be allowed.

#### 4. Leaving rules of the dormitory

##### Article 18

The boarder shall not be allowed to leave the dormitory without permission during the contract period.

##### Article 19

1. The date of graduation shall be the date of expiry of the term of contract.
2. The boarder who has graduated from school must leave the dormitory by March 15<sup>th</sup>.  
(If March 15<sup>th</sup> is a Saturday, Sunday or public holiday, it will be the day before that.)

##### Article 20

In case of dismissing or expelling from school, the boarder shall leave immediately after the procedure.

##### Article 21

When there are damages or deficiency, the boarders who had been living in the room shall bear the compensations or repair costs.

- Examples:
- 2,500 yen for the repair of one fusuma
  - 5,000 yen for the repair of one tatami
  - 10,000yen for the repair of one vacuum cleaner

## 5. Manners and Prohibited Items

AS the dormitory of this school for foreign students is the private apartment and not the ordinary one exclusively for the students, there are a lot Japanese residences living near it. In such a living environment, the foreign students can learn Japanese lifestyle or common knowledge of Japanese. To respect each other's personal quality and to understand and cooperate with each other not to cause trouble are necessary and important to have a comfortable life in Japan.

### Article 22

#### Manners

1. Greeting is the basic of cohabitation and social life. Make the usual greetings to the other boarders and the residence living near the dorm both in and out of the dormitory. If neighbors give advice to you, listen deeply to them. (You can't say "I don't understand Japanese.")
2. Always look after his/her own health and keep clean the room.
3. Always keep clean the kitchen, restroom and bathroom. The boarder must clean the dirtiness by his/her-self after using so that the others can use comfortably.

### Article 23

#### Prohibited matter

1. Infractions of Japanese laws and regulations

- Purchasing, bringing in and using of Hazardous materials and Explosives materials
- Purchasing · bringing in and using Drugs
- Morals of gambling, Violence, etc. Disturbing order

2. To walk into the room with shoes on except for the entrance and to enter the tatami room with slipper on
3. Smoking outside the designated areas.
4. To take the trash out on the day other than the designated days to collect garbage and to keep the garbage in the balcony.
5. To cause the nuisance to the residences living near the dorm, such as noises in and outside of the rooms.

Examples: Making loud noise late at night → Don't speak, sing songs, or listen to music loudly in your room after 9pm.

Don't make loud noises or speak loudly when coming back home from a part time job late at night, especially after midnight.

Making loud noises in the balcony and hallway → Don't speak loudly in the balcony and hallway.

Closing doors loudly → Close the door slowly and quietly to prevent loud noises.

Running around in your room → Don't make heavy footsteps.

Bothering residents living below your room by making loud noises to cut some food on the floor → Cut food on the table, not on the floor.

6. To stay without permission in other rooms outside the dormitory or to let others than the contractor stay. Also, move to another room in the dormitory and leave the dormitory without permission.
7. To keep animals in the room or near the dormitory.
8. To drain the leftovers and oil into the drainage.
9. To park the bicycle at the place rather than the designated place.

### Article 24 Other
